Although your best bet is email – here's my land line:

Francisco Arcaute

US EPA press office

Would this be for local or national broadcast?

Thanks

Thanks Francisco. I'll be sure to tell our reporter Elizabeth Brackett to get in touch with you on Monday as well.

We are hoping someone will be available to comment on the clean up effort and the extent of the

oil spill.

Is there a direct line or cell we can reach you at while you are working here?

Thank you,

Crystin

It's hard to predict Monday's schedule given the unpredictable nature of responses.

Suggest you contact Monday am.

Here's the US EPA's webpage on the BP response.

Hello Mr. Arcaute,

We are looking to do a story on the BP oil spill into Lake Michigan. Would anyone from the EPA be able to talk to one of our reporters on camera on Monday, March 31st?

Please let me know.

Thanks,

Crystin
